# COMPANY PROFILE 2024

# MANUFACTURING FOR YOU

Delivering World-Class & Integrated Contract  
Manufacturing for Electronic Enterprises

[www.arisamandiri.com](http://www.arisamandiri.com)

## ABOUT US

The most integrated contract manufacturer in southeast asia, providing solutions for leading electronic brands around the world.

America

Asia

Europe

Africa

Australia

## WE ENABLE SUCCESS FOR GLOBAL LEADING BRANDS

Good Quality

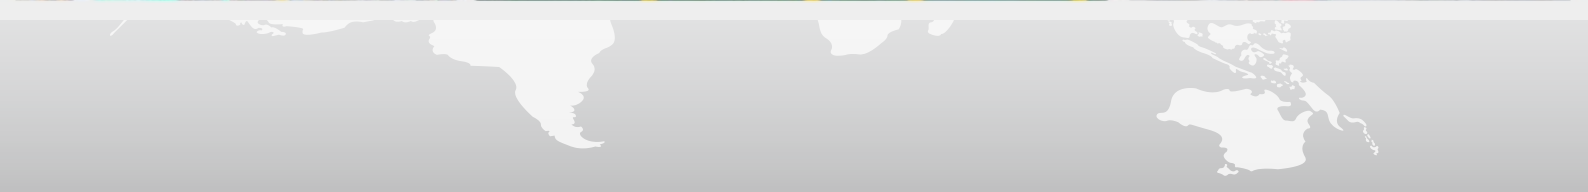

Proper Cost

On Time Delivery

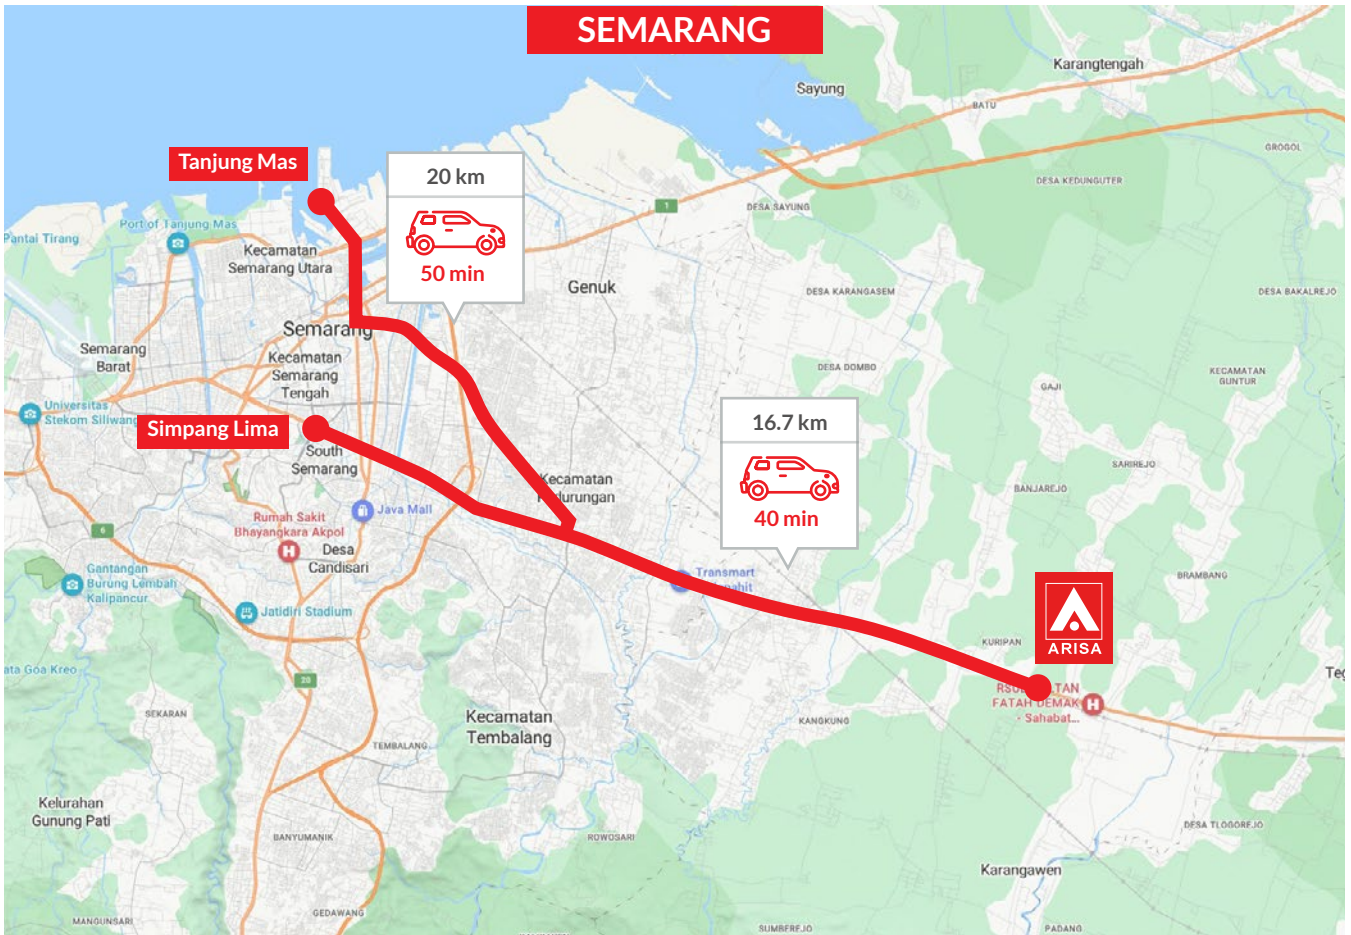

With a magnificent production portfolio, excellent manufacturing operations, technical and design advantage, combined with supply chain expertise and over 2,000 dedicated employees.

## FACTORY LOCATION

Our production plant is only a 40-minute drive from the city of Semarang, the capital of Central Java.

<h1 style="color: red; font-size: 2em;">20</h1> <p>Kilometers from International Seaport</p>	<h1 style="color: red; font-size: 2em;">15</h1> <p>Hectares Factory Plant</p>	<h1 style="color: red; font-size: 2em;">600K</h1> <p>Washing Machine Yearly Capacity</p>
<h1 style="color: red; font-size: 2em;">2M</h1> <p>Air Conditioner Yearly Capacity</p>	<h1 style="color: red; font-size: 2em;">1.5M</h1> <p>LED TV Yearly Capacity</p>	<h1 style="color: red; font-size: 2em;">600K</h1> <p>Water Dispenser Yearly Capacity</p>

For the first 20 years, the ARISA group primarily concentrated on cosmetic packaging products; a state of the art products segment requiring a very high standard only a few selected Asian manufacturers could meet.

In the early 2000s Arisamandiri diversified and started producing electronics and home appliances which has since become our core business. Staying true to our promise of quality today, we serve many customers at home and around the world with all their manufacturing needs.

# VISION

**Delivering World-Class & Integrated Contract Manufacturing for Electronic Enterprises**

# MISSION

**Strive to deliver our services by combining excellent manufacturing experience, comprehensive ecosystem and good corporate governance.**

**Pursue smart factory advancement to answer the Industrial 4.0 challenge, fulfilling required world class certifications and establishing state-of-the-art R&D facility.**

**Developing more business in various electronic products with priority on customer's satisfaction.**

**We focus on the success of local and international electronic enterprises.**

**CERTIFICATION**

**WE STRIVE TO MAKE SUSTAINABLE PRODUCTS FROM PROCESS TO PRODUCT AFTER-LIFE. THE PERFORMANCE OF OUR INTEGRATED QUALITY MANAGEMENT IS INTERNATIONALLY ACCREDITED.**

**ISO 9001:2015**  
 In recognition of the organization's Quality Management System which complies with ISO 9001:2015. The scope of activities covered by this certification: Manufacture of Electronic Products, Home Appliances, and Plastic Products.

**ISO 14001:2015**  
 In recognition of the organization's Environmental Management System which complies with ISO 14001:2015. The scope of activities covered by this certification: Manufacture of Electronic Products, Home Appliances, and Plastic Products

**PLATINUM Responsible Business Alliance (RBA)**  
 Completed RBA Validated Audit Process, achieving PLATINUM Status closing All Priority, Major and minor findings, earning a score of 200.0

**Sustainable Global Supply Chain (Sedex)**  
 Certified for Supplier Ethical Data Exchange which is audited based on Labour Standards, Health & Safety plus Environment.

# HISTORY

1980

PT Tiger Sakti Industries is established to produce plastic packaging

1983

First factory in Jakarta to accommodate the increasing demand of Indonesia's fast-growing cosmetic industry

1990

Second factory in Jakarta to answer the global challenge of manufacturing premium molded plastic products

1992

A flagship factory in Semarang, Central Java, was established

2021

Installation of Power Coating facility

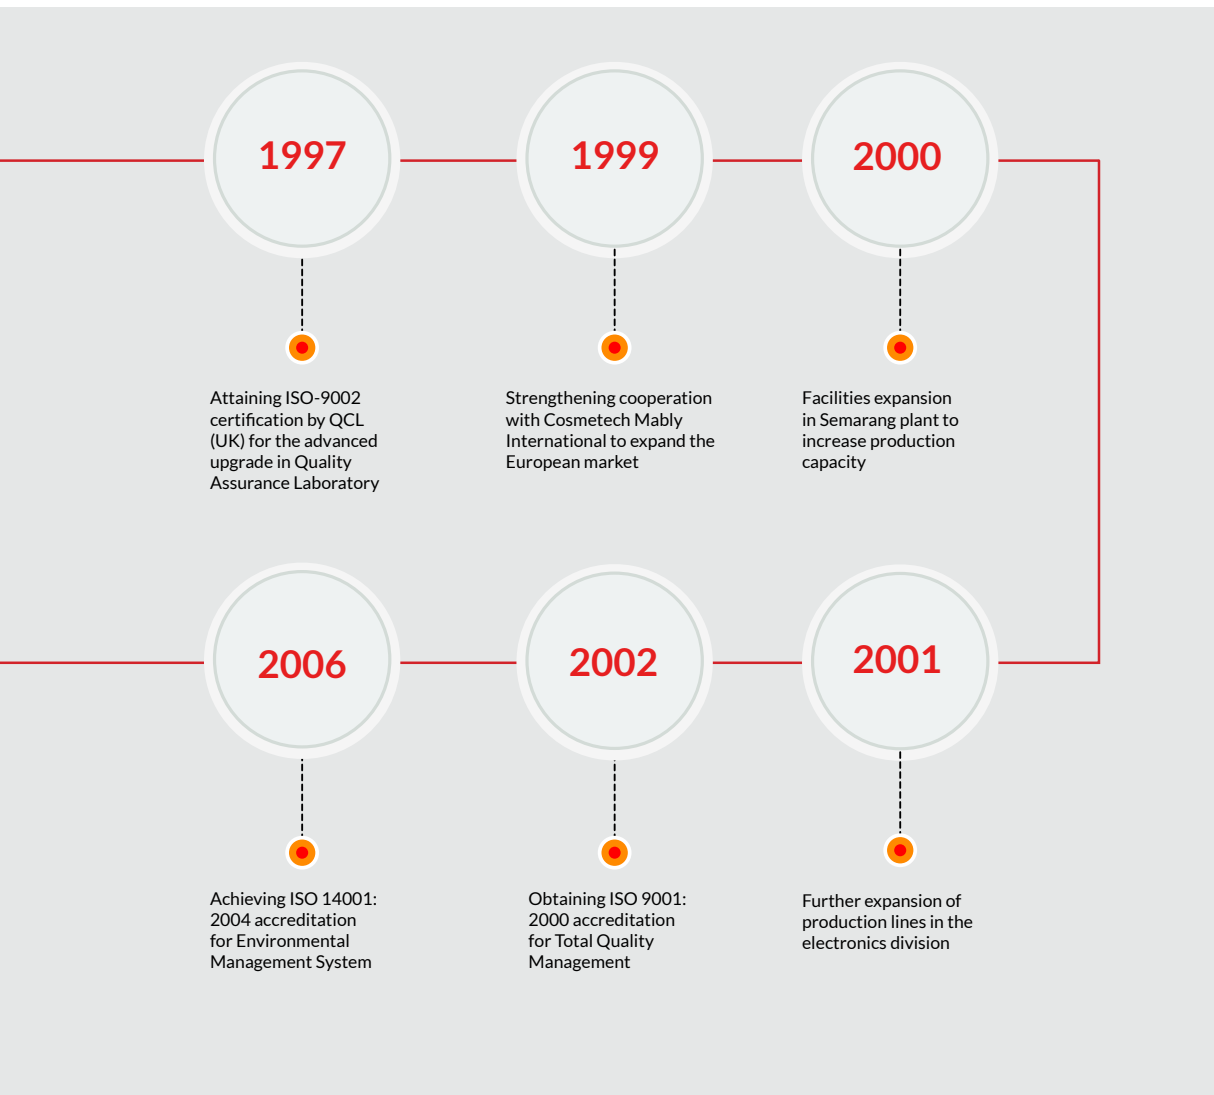

2019

New expansion on Air Conditioner assembly unit

2013

Expanding LED TV manufacturing unit, including Clean Room and LED Panel production line

**FACILITIES**

**THE ENCLOSED 15 HECTARES PLANT IS LOCATED IN THE OUTSKIRTS OF SEMARANG, CENTRAL JAVA**

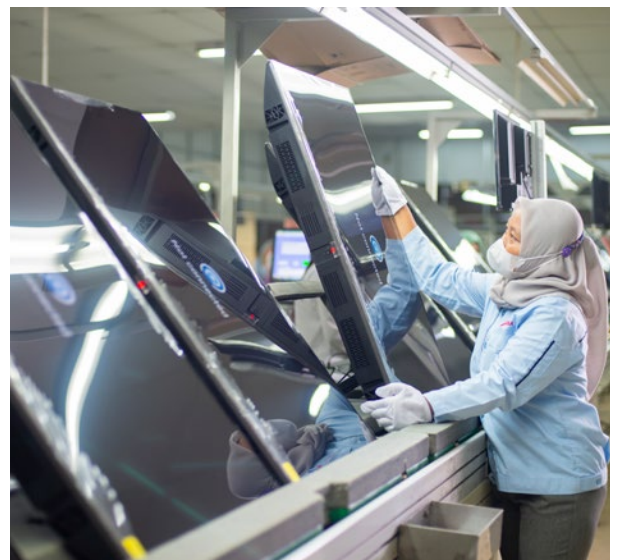

## FACILITIES

# PRODUCTION LINE

Maintaining the production and its quality standard amid an increasingly complicated process will keep every industry player on their toes.

We take the best in our decades of manufacturing experience to establish the way of practice. Our factory plant can quickly set up and configure a production line to suit the needs of our customers, from portable Air Conditioners to LED televisions.

## FACILITIES

# POWDER COATING

We always prioritize the final quality of the products we manufacture, especially products that are durable enough to withstand the extremes of nature.

Our powder coating facility is ready to bring extra layers of protection to further strengthen the internal components of finished products.

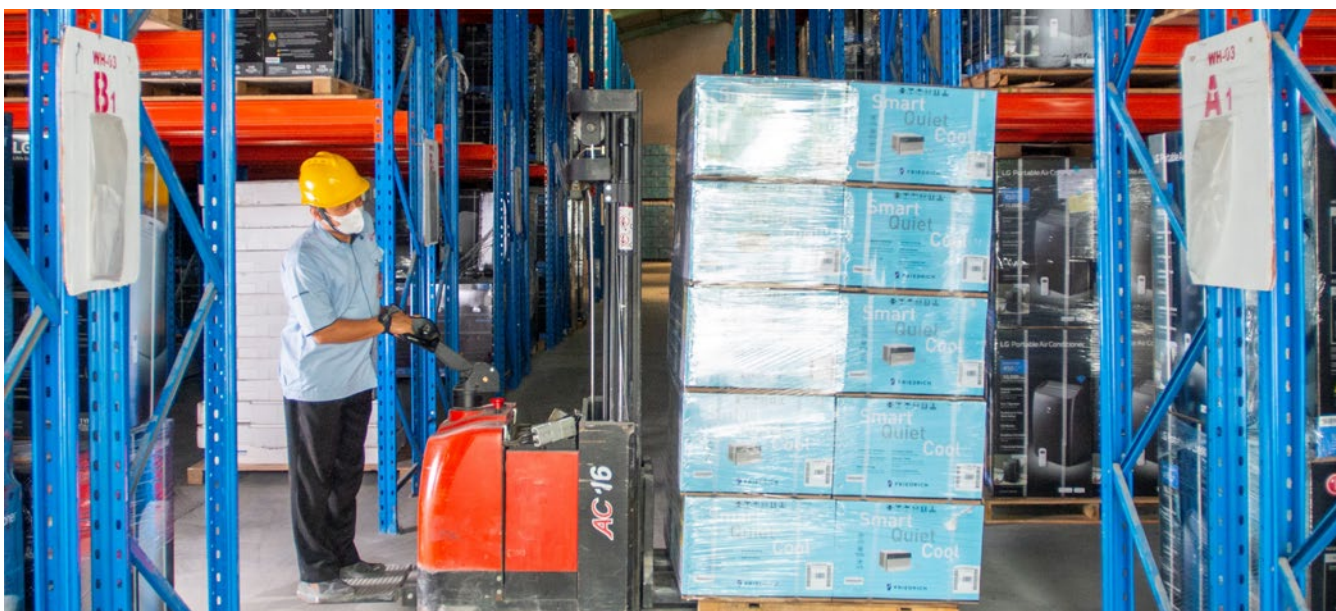

## FACILITIES

# SUPPLY CHAIN MANAGEMENT

The landscape of the electronics industry has progressed rapidly, enabling a broader network of businesses across borders.

As we strive to meet the dynamic nature of our global business, we maintain our supply chain management as a crucial element of our operations.

Utilizing the newest ERP system and our partnerships with logistic companies, we are able to organize every logistical detail, from item forecasting to product delivery. We are also registered in SEDEX and RBA for sustainable global supply chain work.

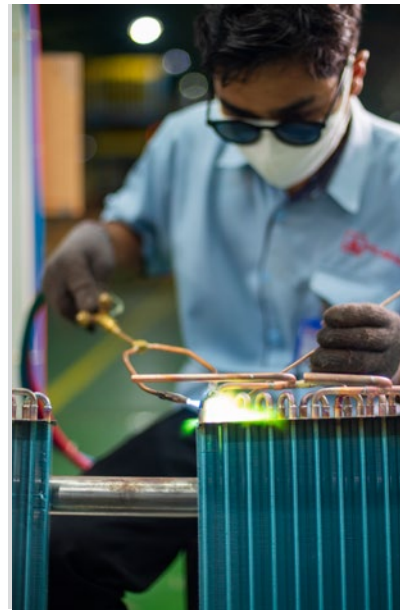

## FACILITIES

# METAL WORKING

No electronics manufacturer is complete without metal working facilities. From processing internal components to fully powder coated metal enclosures, we are well equipped to handle a wide range of metal working processes.

### Our Facilities:

- Cut & bending
- High Speed Punch
- Fully Automatic Welding Line
- Tube Expansion
- CNC Lathe
- Laser Welding

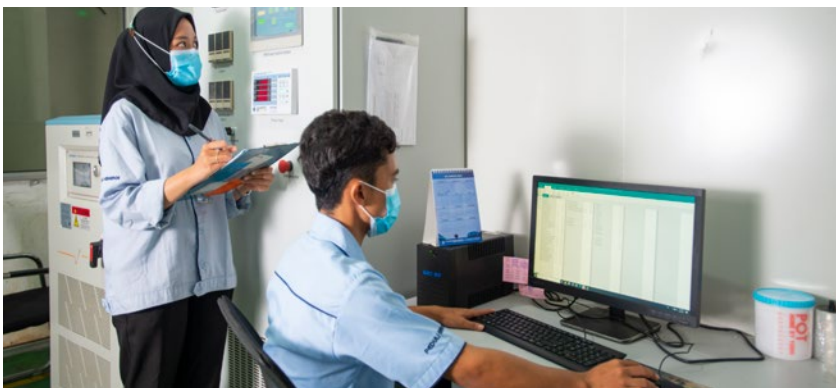

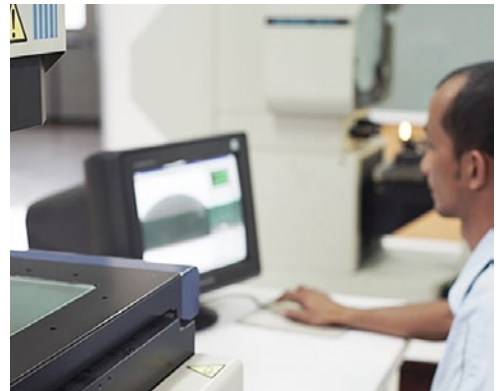

## FACILITIES

# QUALITY CONTROL

We only allow the best products to leave our facility. Our manufacturing service is ISO 9001 and ISO 14001 certified, ready to accommodate any quality control requirements our customers need. Our quality control facilities include:

- Color spectrophotometer
- Coordinate Measurement Tests
- Aging tests
- Pull force and torque meters
- Function and durability tests
- Temperature shock test chamber
- Enthalpy Measurements
- Noise testing

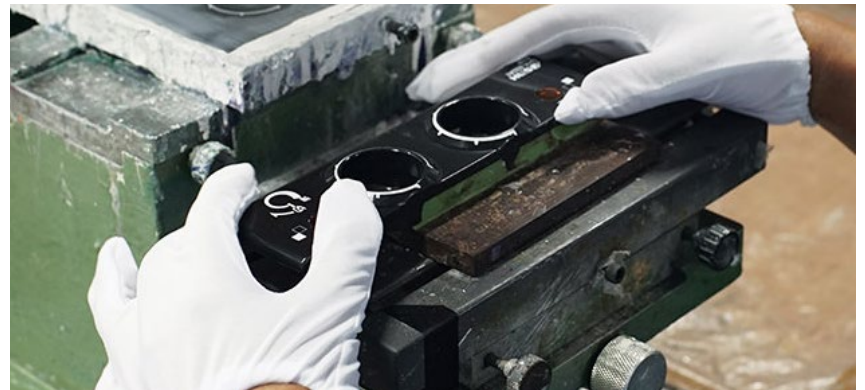

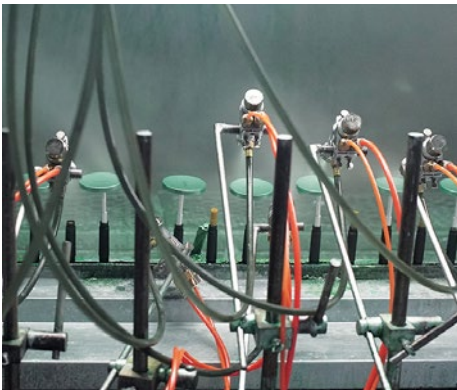

## FACILITIES

# DECORATION

Our Decoration and Coating facilities offer customizable finishing touches to enhance the aesthetic appeal and functionality for end users. These decorations can be done through a variety of processes:

- Silkscreen & Pad Printing
- Foil Stamping
- Transfer Film
- UV Coating & Vacuum Metalizing
- Manual and Automatic Spray Painting

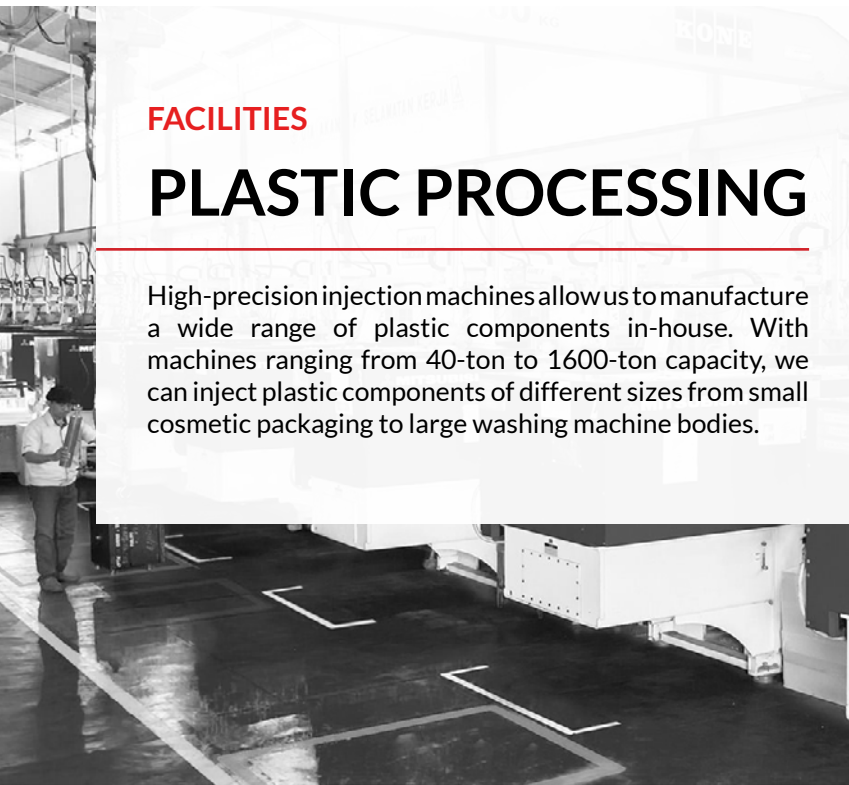

## FACILITIES

# PLASTIC PROCESSING

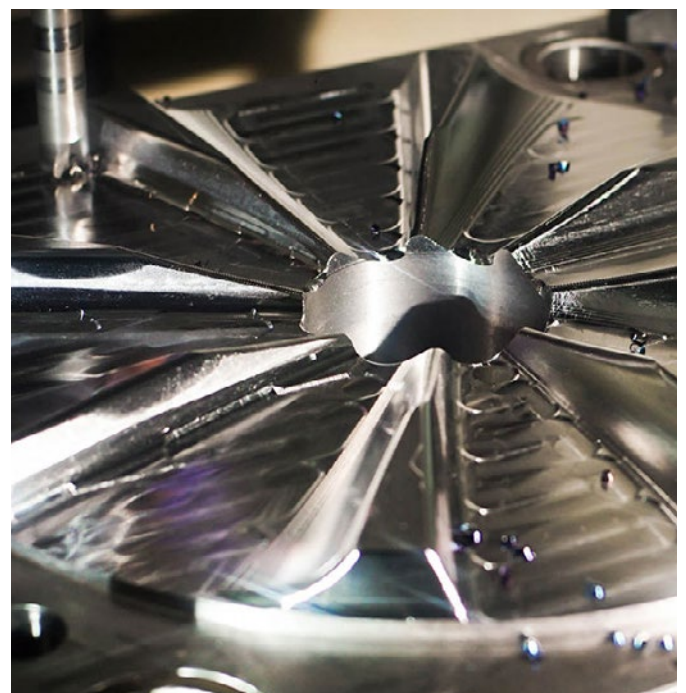

High-precision injection machines allow us to manufacture a wide range of plastic components in-house. With machines ranging from 40-ton to 1600-ton capacity, we can inject plastic components of different sizes from small cosmetic packaging to large washing machine bodies.

**FACILITIES****MOLD SHOP**

Our engineering experts are ready to build high-precision molds and maintain them in the best condition, ensuring product quality and smooth manufacturing processes.

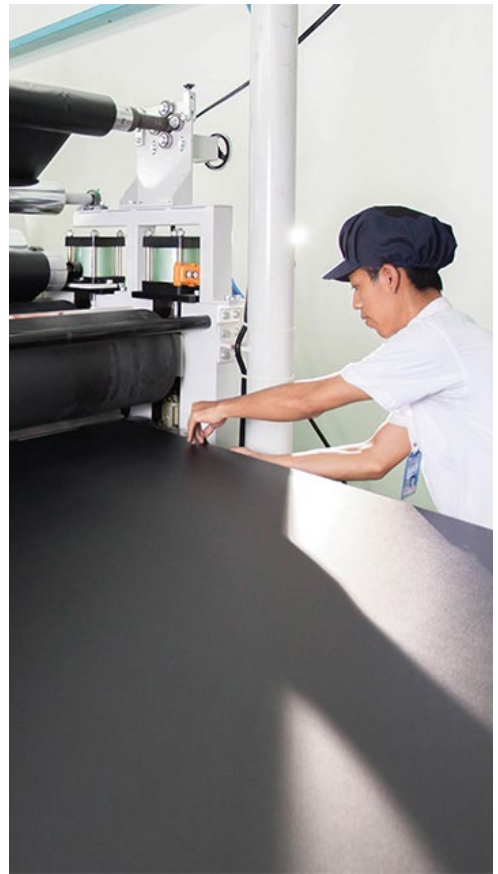

## FACILITIES

# WOOD WORKING

Our woodworking facility is ready to carve any supporting components, equipped with:

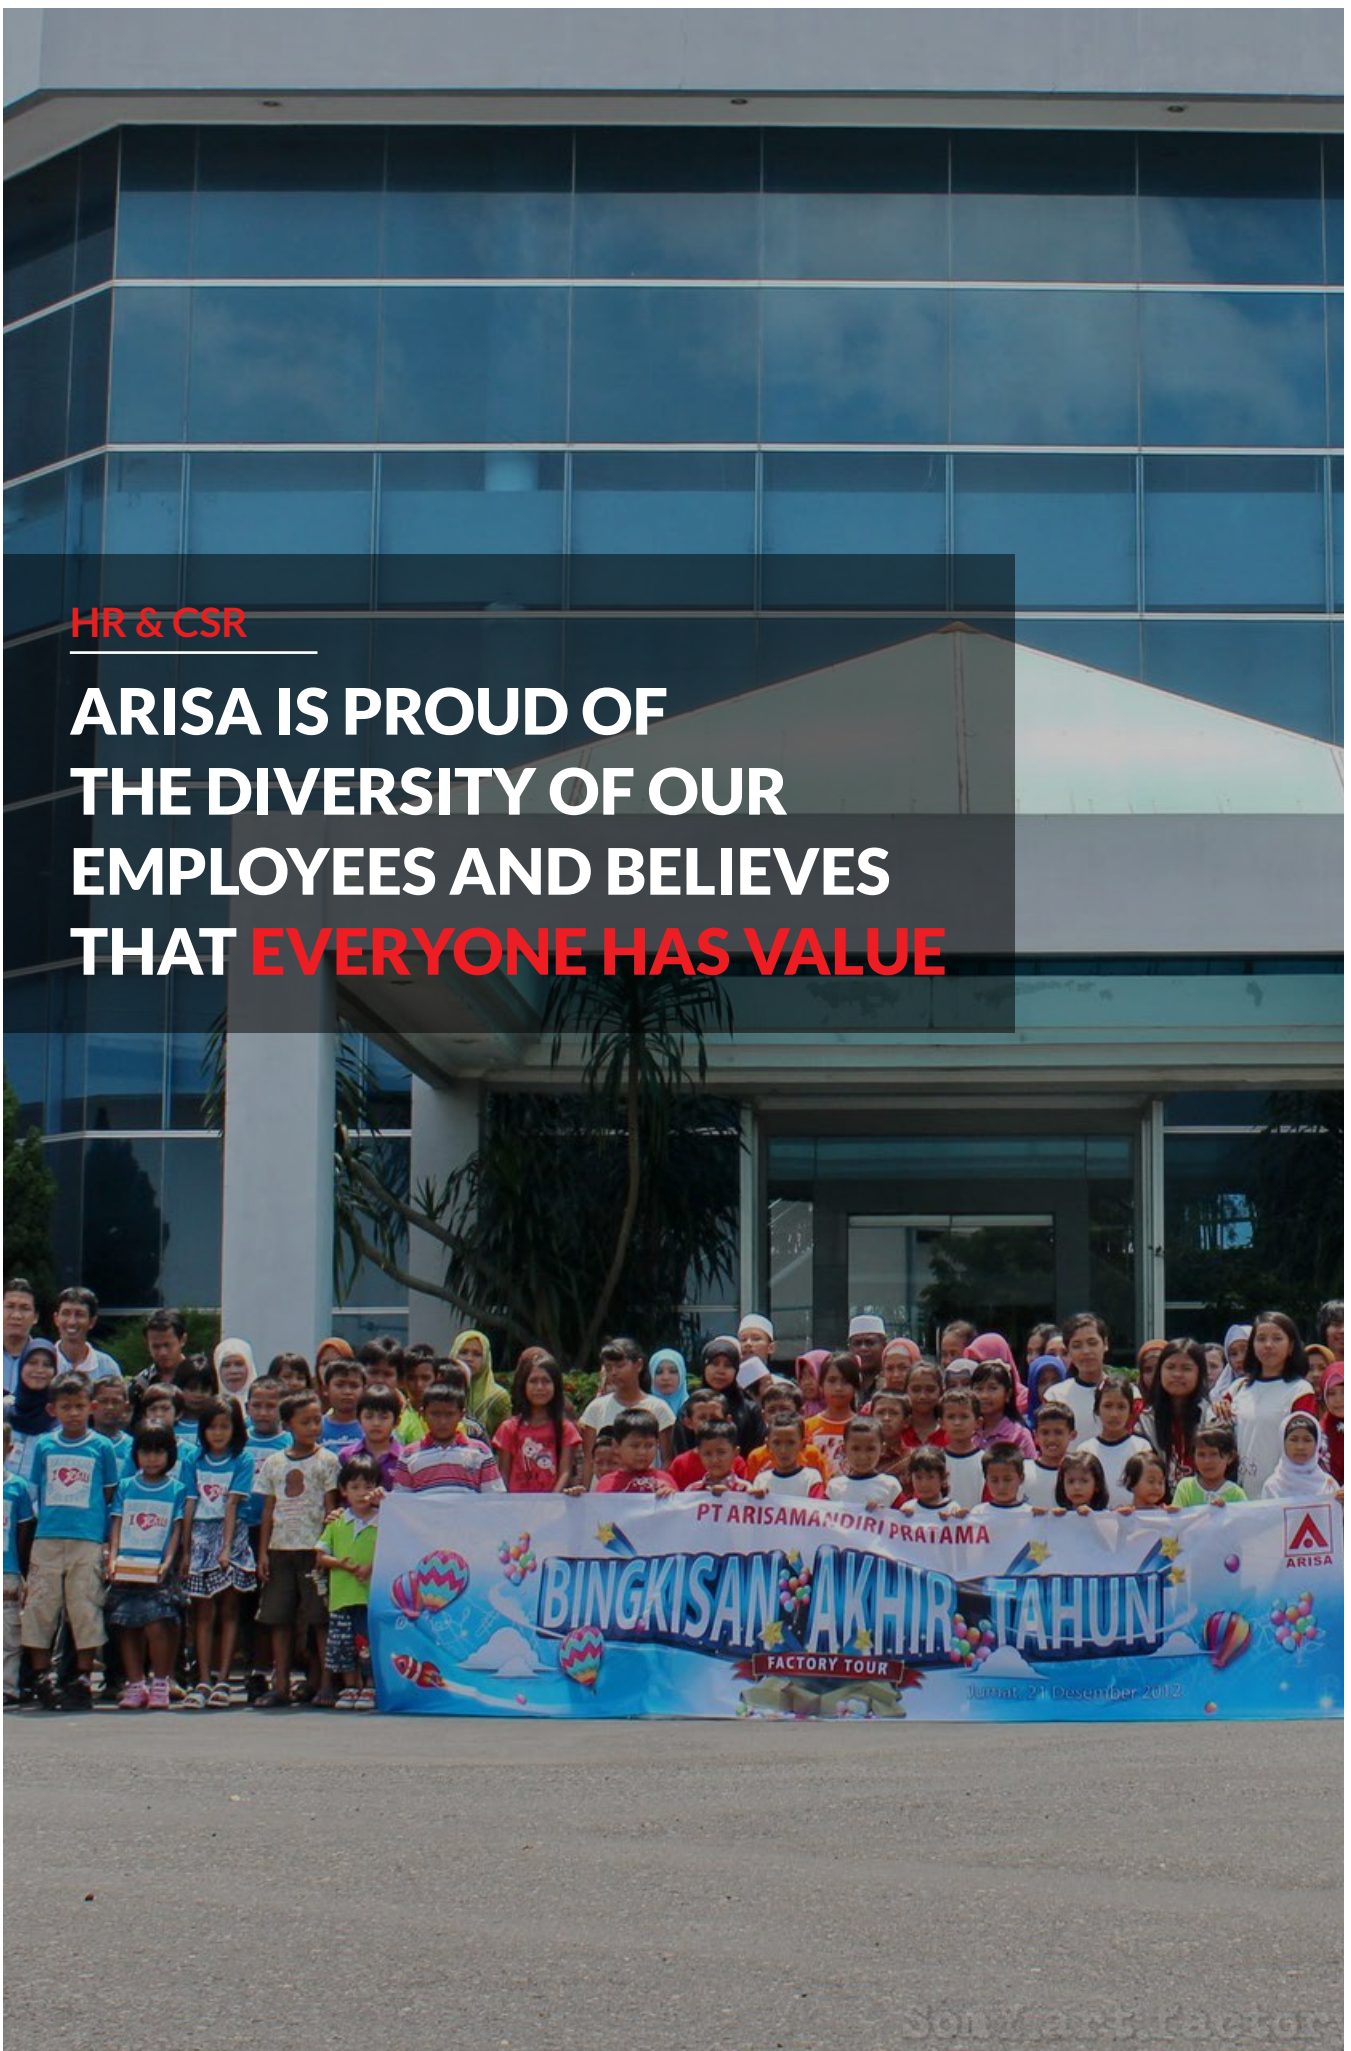

- CNC Machine
- Wood Pressing Machine
- Laminating Machine
- V-Cutting Machine
- Vacuum Forming

**HR & CSR**

**ARISA IS PROUD OF  
THE DIVERSITY OF OUR  
EMPLOYEES AND BELIEVES  
THAT **EVERYONE HAS VALUE****

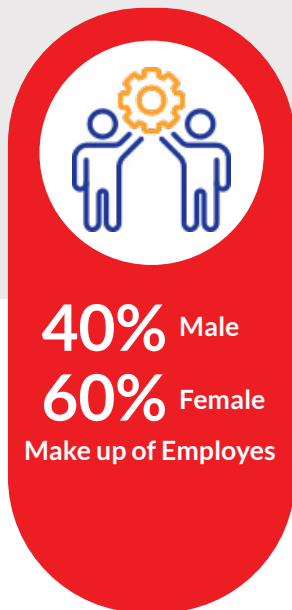

## HR & CSR

We put merit above all else, and strive to create a working environment where all feel at home
